

# ANSWER TO COMPLAINT OF TEAM #10

Hereby we confirm, that we received your complaint on 2<sup>nd</sup> July 2016 at 15:11 and the answer is:

Safety analysis software found dangerous flying of 2 balloons, where one of them was balloon of team #10. According the rules and limits described in Competitions operation handbook for hot air balloons, version 2016, in section "Summary of Rule Specific Guidelines", rules Nr. 10.1. Midair collision and reckless flying and 10.2. Dangerous flying, our previous decision stands.
